

Team Involvement in Demonstration

Date	03 July 2026
Team ID	
Project Name	Rising Waters
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the demonstration of the **Rising Waters – Intelligent Flood Prediction and Early Warning System**. As this project was completed individually, all planning, development, testing, documentation, and demonstration activities were performed by a single contributor.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Kakedu Hareesh (Self)	Presenter & Developer	Project Introduction	Explained project objectives and problem statement	Active
2	Kakedu Hareesh (Self)	Solution Architect	Solution Architecture	Presented system architecture and workflow	Active
3	Kakedu Hareesh (Self)	ML Developer	Machine Learning Model	Explained dataset, Decision Tree model, and prediction process	Active
4	Kakedu Hareesh (Self)	Application Developer	Live Application Demo	Demonstrated the Flask web application and flood prediction	Active
5	Kakedu Hareesh (Self)	Tester	Testing & Results	Presented testing results and application performance	Active

6	Kakedu Hareesh (Self)	Presenter	Conclusion & Future Scope	Explained future enhancements and answered questions	Active
---	-----------------------	-----------	---------------------------	--	--------

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Kakedu Hareesh (Self)
Overall Team Coordination Rating (1-5)	5 / 5
Any issues during demo	Minor input validation issue identified during testing and resolved before the final demonstration.
How issues were resolved	Verified all modules, retested the application, and ensured the Flask application and Decision Tree model worked correctly before the final demo.
